

RUBBER PARTS

FAGOM sas, experts in the production of industrial rubber and rubber-metal products, proudly presents our offering of

ROLLER BUMPERS

used on the rear side of industrial vehicles or directly on loading ramps to cushion against impacts and facilitate the vertical movement of vehicles as their load changes.

Our **HIGH-QUALITY RUBBER** ensures high levels of durability and good elasticity to absorb impacts and protect your vehicles.

Code	Description	Length
5RU029	D86 rubber ROLLER BUMPER	100 mm
5TS013	1-ROLLER BUMPER SUPPORT	120 mm
